EDUCATION

University of California, Los Angeles (UCLA)

Ph.D. Cognitive Psychology

M.A. Cognitive Psychology

Los Angeles, CA

Expected March 2026

2022

Union College

B.S. Neuroscience, graduated with Honors

Minors in Data Analytics and German

Schenectady, NY

2021

RELATED EXPERIENCE

Graduate Researcher

Los Angeles, CA

UCLA Memory and Lifespan Cognition Lab

2021-Present

- Conduct research on human memory, cognition, and aging, primarily focusing on older adults' susceptibility to falling for scams by investigating and using current methodologies
- Conduct and create experiments, including online experiments using M-Turk, Psychopy, Qualtrics, and Prolific, resulting in a total of 7 simultaneous projects
- Analyze quantitative and qualitative data using various statistical methods such as machine learning techniques, and create data visualizations using R, Excel, and Jamovi, to tell a story through the data
- Present findings quarterly to an advisor and 5 fellow graduate students using PowerPoint. Gave 2 poster presentations at international conferences and published 4 papers in top-tier journals

Data Science Intern

Remote

American AgCredit

2025

- Analyzed and cleaned large external and internal risk financial datasets and assessed variable importance.
- Presented analytical findings and data visualizations to both technical and non-technical stakeholders in 2 formal presentations; incorporated feedback to refine analyses and model recommendations.
- Engineered machine learning techniques by performing Weight of Evidence (WOE) transformations of important variables and integrating them into a logistic regression model using RStudio ("stats" package)

Research Assistant

Schenectady, NY

Union College Speech Perception and Auditory Neuroscience Lab

2018-2021

- Conducted research on speech perception, hearing loss, and cognitive control by using current methodologies and conducting in-person and online data collection for 2 research projects
- Analyzed temporal data using R, Python, and JASP to create data visualizations and run statistical analyses
- Presented findings quarterly to fellow undergraduates and presented posters at 5 national conferences

Research Fellow

Schenectady, NY

Union College Healthy Aging & Neuropsychology Lab

2019

- Conducted 10 interviews on the health and well-being of older adults to create a poster presentation
- Tested older adult participants in person using neuropsychological assessments

Teaching Fellow

Los Angeles, CA

UCLA

2022-Present

- Served as an intermediary between professors and students by communicating complex information to novice audiences through one-on-one sessions and for groups of 4-28 students
- Assisted in teaching 12 UCLA undergraduate courses, ranging in size from 20 to 286 students, by supervising classroom-related supplies, duties, and paperwork
- Taught and mentored students on how to use computer programs such as Excel, Psychopy, and R Studio

SKILLS

Computer: R Studio (dplyr, stats, lmer4, tydr, ggplot2), Python (Pandas, NumPy, Scikit-learn), Microsoft Office, Google Spreadsheets, SQL, Qualtrics, Jamovi, SPSS, MATLAB
